

# Chapter 1 Introduction to Computer Systems

---

- ✖ 1.1 What is a computer?
- ✖ 1.2 Types of Computers
- ✖ 1.3 History and evolution of computer development
- ✖ 1.4 Moore's Law
- ✖ 1.5 Architecture of the operation of a computer system
- ✖ 1.6 Computer Hardware Structure
- ✖ 1.7 The concept of instruction set computers
- ✖ 1.8 Timeline of important development of modern computers
